Friday: 8am - 5pm
Saturday: CLOSED
Sunday: 3pm - 10pm

**Speak With The Library Staff:**
* Naulayne Enders
* Josh Blevins
* Rebekah Atilano

---

## Save the Planet

### Earth Day

*Earth Day* is celebrated to create awareness among people about environmental issues and to encourage them to take action to reduce their carbon footprint, conserve resources, and promote sustainability. It is a day to educate people about the impact that our actions have on the environment and to mobilize individuals, communities, and governments to protect our planet.

*Earth Day* allows for a day of education about environmental issues affecting our planet every year and helps to signal to our representatives in government how important action on environmental issues is to us, their constituents

**Have you asked yourself "why" we celebrate April Fool's Day?**

## Tech Tips

At some point, we've all written an essay using Google Docs or made a presentation using Slides on a computer, but when we look in Google Drive on our phone or tablet, we can't find it! What do we do?

First, confirm a WiFi connection. Second, force close Drive and any other Google apps. Third, reopen Drive and pull down on the screen to refresh it. Finally, search for your missing item. Voila! It's now visible and accessible.

*Get a **FREE** Bible for your phone or tablet.*

**Psalms 9:10**

***And those who know your name, will put their trust in you, for you O Lord, have not forsaken those who seek you.***
