What Are You Reading This Summer?

We teamed up with Carter County Public Library to create a virtual summer reading experience, and we are “traveling around the world” through literature, exploring all seven continents using some fun virtual vacations.

This isn't exclusive to CCPL. We invite you to join us. If you're stuck in a reading rut, or are looking for something unique, explore our variety of books, audiobooks, and comics to liven up your summer reading. Here is a preview:

This has already been a successful summer. Our faculty, staff, alum, and current students have read over 300 books so far! Remember to send all the books you have read (and comics) to nenders@kcu.edu for your chance to win a \$25 Amazon gift card.

Below are links to our active virtual vacations for summer reading. Each week, a new vacation will be published, so be on the lookout for more virtual vacations on our social media.

July Book Picks: Olympics Edition!

Starting July 26, the Summer Olympics return! This year, the events are being held in Paris, France. Paris joins London as the only city to host the modern games on three separate occasions.

Did you know America has had the most Summer Olympic success? We lead the world with 2,638 medals (1,065 golds), and we have the world's most decorated athlete, swimmer Michael Phelps.

As we wait, peruse our curated book selection below for something to put you in a winning mindset.

HOLIDAYS/EVENTS

July 1 - International

Chicken Wings Day

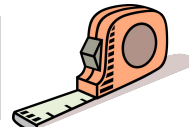

July 4 - Independence Day

July 21 - National Ice Cream Day

July 26 - Summer Olympics Begin!

Library Technology Helpful Hints

A Tool for Every Job: Apps for Around the House

Summertime is ideal for tackling those pesky home repair projects, helping a friend move in and decorate, or for earning some school money doing your side hustle. Unfortunately, we don't always carry a toolbox around. When you're in a pinch, make your smartphone do smart things! There are apps freely available to help level pictures and shelves (bubble level), take measurements (ruler), measure distance (rangefinder), locate wall studs (stud finder for walls), and more. Use your best judgment in selecting apps for your device!
